

## **BENEFITS OF PARTICIPATING IN GLOBAL MENTORING WALK**

### **Who are Mentors?**

Persons who have become leaders in their fields, mostly women, and who are top executives, including members of the boards of companies, who want to share their knowledge and the experience they gained over the years. They are leaders who want to grow and change themselves and the world. They do not stop to develop themselves, they know their values, their strengths and are not afraid of threats coming from others or competitors. They inspire others to take action and to face challenges.

### **Benefits for the Mentors:**

- increasing self-reflection and satisfaction from helping others develop and improve their self-awareness
- the joy of a sincere possibility to share their experiences in developing a career with the Mentee
- opportunity to look at business issues from a different perspective
- networking

### **Who are Mentees?**

Persons with a higher education and professional experience, aspiring to acquire managerial positions, and being a leader in organizations who wishes to consciously shape their professional and personal development with constantly perfecting leadership competencies, having specific career goals and who is open and ready to accept constructive feedback.

### **Benefits for the Mentees:**

- professional development and leadership
- more conscious and systematic realization of professional goals
- the ability to confront and analyze own ideas
- analysis of professional opportunities in relation to personal values and life goals
- receive support and understanding, being heard
- receive valuable experience and management skills from a mentor
- learn how to combine professional and private life
- structure the process of career planning
- increase awareness of own potential and talent development
- networking

### **Benefits for Co-operating Partners and Sponsors**

- increase knowledge, skills and motivation of employees participating in the program
- reduce the cost of external training
- provide talented employees the opportunity to gain experience from business leaders from outside the organization
- establish new business relationships
- raise awareness of the essence of the use of mentoring in organizations
- the possibility of using a variety of business and the experience of other organizations
- maximize the potential of employees and the ability to better prepare successors for key positions.
